

## STATE CONSTRUCTION INDUSTRY LICENSING BOARD CONDITIONED AIR COURSE INFORMATION

Board Rules require all applicants for conditioned air to complete an approved course in heat loss and gain and duct design covering Manuals J & D when submitting an application. In addition, applicants for the non-restricted license must complete a course that covers Manuals Q & N or the Carrier Design Manual. The air conditioning technology course ACT107 offered by all the Georgia Vocational and Technical Schools and Colleges meets the requirements of Board Rule 121-2-.03. You must submit a copy of your transcript which shows that you have completed the course.

The following agencies have submitted information to the board describing courses that meet the board requirements. Before enrolling in a private course be sure that it meets the requirements of Board Rule 121-2-.03.

### To obtain information on the courses

**Contact your local state technical institute. For locations contact: Ga. Department of Technical & Adult Education (404) 679-1600 or [www.dtae.org](http://www.dtae.org) or;**
